Oakland hosts "Walk Through Bethlehem"

The holiday season is fast approaching and Oakland Christian Church, 149 Oakland Church Road, Falmouth, wants to share a FREE "gift" with everyone. This is their eleventh year of presenting "Walk Through Bethlehem".

As you enter the church building, you are treated to special concerts while you await your walk through the "city". Then your tour begins.

This is a unique outdoor adventure (dress warmly) that takes you back to a time as it might have been in Bethlehem on the night Jesus was born. You enter the city, allowing the sights, sounds and smells to carry you to the period of time that changed the world. You visit the marketplace, the craft shops, the carpentry shop, etc. making your way to a moonlit field where the shepherds are abiding. (Even "Humphrey" the camel will be returning). Then your journey to the stable where a special baby was born. Oh how the stars shone that night as baby Jesus was born.

At the end of your tour, you are invited back inside the church for refreshments. Make plans now to come visit "Bethlehem" on December 1, 2 & 3 nightly 6 p.m. to 9 p.m. (weather permitting). For more info. contact the church (859) 654-6174 or call (859) 797-3719. Be sure to check them out on Facebook, also.

Thoughts and Meditations from the Scriptures

TEACH US HOW TO PRAY

It is noteworthy that the disciples requested of Jesus that He teach them how to pray. These were religious men who had been following Jesus for quite some time. How could it be that they did not know how to pray? Don't we all pray, almost instinctively, every time we have some crisis or serious felt need? Prayer is virtually universal. Every culture has its forms of prayer, and almost everyone instinctively says something like "Dear God, help me through this" in times of crisis. There is also the near universal clasping of hands in prayer and the exclamations of "Oh my God" when we see something horrific or are in crisis. Even many of our everyday expressions contain a simple prayer. "Goodbye" is etymologically connected to the expression "God be with you," just as "adios" in Spanish literally means "to God." Many of us also utter prayers spontaneously in times of joy or wonder, thanking God or praising Him for a beautiful sunset or a blessed turn of events. "Alleluia" is one such expression. And sometimes there are cross-cultural borrowings of prayer without us knowing it; the Spanish word "ojala," which means "hopefully" is derived from the Arabic meaning "may God will it." Which brings us back to the disciples' request. In answering their request, Jesus gave them the Lord's prayer, which tells us, among other things, to pray that God's will be done. How do you pray? — *Christopher Simon*

"Lord, teach us to pray, just as John taught his disciples." — *Luke 11:1 NIV*

HMH Nationally Recognized for Electronic Clinical Quality Measure Contributions

The Joint Commission has recognized Harrison Memorial Hospital as a 2017 Pioneers in Quality™ Data Contributor for its contributions to electronic clinical quality measure (eCQM) data for quality improvement in health care.

Until recently, most hospitals collected information to measure health care quality by manually abstracting data from patient records. Today, through eCQMs—which rely on structured, encoded data present in the electronic health record—hospitals can electronically collect and transmit data on the quality of care that patients receive. The electronic data can be analyzed to measure and improve care processes, performance and outcomes.

The Joint Commission, the United States' leading accreditor of health care organizations, established the Pioneers in Quality™ program to assist and recognize hospitals that report eCQM data, as well as share best practices for all hospitals in gathering, analyzing and leveraging eCQM data for quality improvement.

HMH is being recognized as a *Pioneers in Quality Data Contributor*. Of more than 3,200 Joint Commission-accredited hospitals that reported 2016 data, only 480 have been named 2017 Pioneers in Quality™ hospitals by meeting criteria in one or more of the following categories:

- **Data Contributor:** A hospital that voluntarily submitted 2016 electronic clinical quality measure (eCQM) data to The Joint Commission for measurement toward quality improvement.

- **Expert Contributor:** One of nine hospitals recognized by The Joint Commission for contributing eCQM knowledge and utilization practices for sharing with other accredited hospitals.

- **Solution Contributor:** One of 11 hospitals that submitted a practice selected for inclusion in The Joint Com-

mission's "Proven Practices Collection," a peer-to-peer resource for other accredited hospitals on proven eCQM and health IT practices.

"We are thrilled to be recognized by The Joint Commission," said Sheila Curran, HMH Chief Executive Officer. "It reflects on our staff's commitment to continuous quality improvement, especially as it relates to the adoption of electronic clinical quality measures—the evolution and future of health care data reporting. Like The Joint Commission, we believe gathering and analyzing performance data is crucial to continuously improving quality of care and outcomes for all patients."

"We commend Harrison Memorial Hospital as a 2017 Pioneers in Quality™ organization for its contributions and commitment to electronic clinical quality measure data and practice toward quality improvement," said David W. Baker, MD, MPH, FACP, executive vice president, Division of Health Care Quality Evaluation, The Joint Commission. "Out of 3,200 health care organizations, Harrison Memorial Hospital is among only 480 that The Joint Commission has recognized this year for embracing new technology to submit data about the care it provides to patients. That work to voluntarily share information helps the entire industry move forward in utilizing electronic clinical quality measurement for health care improvement."

Pioneers in Quality™ recognition is not an indicator or measure of data quality or quality of care, but an indicator of an organization's commitment to adopting eCQMs toward quality improvement. It recognizes eCQM data reporting and other contributions that advance eCQM adoption in health care. For more information about The Joint Commission and the Pioneers in Quality™ program, visit www.jointcommission.org.

On this Veteran's Day Sunday, we give thanks to all that have served our country and all those that are still serving that we may have life, liberty, and the pursuit of happiness.

Celebrating birthdays: Barbara Howard, Debbie McElfresh, Nancy Tompkins, Bobby Cummins, and Donnie Johnson.

Ron Foley brought the SS lesson on "Our Prayers, God's Timing". Luke 1:5-17. God's timing is rarely our own, but it is always worth waiting for.

Bro. Jackie had our Veterans come forward and tell what branch of service and how long they served. We are proud of and thank them for their service: Bob Wolfe, Ron Foley, Bill Phelps, Mark Hardyman. Unable to be with us was John Henderson. All received a standing ovation.

Jane Nelson was just outstanding on her specials (she always is). She played "God Bless America" and "You're A Grand Old Flag" then she went into "The National Anthem" and ALL STOOD WITH HAND OVER HEART and proudly sang!

Homer Burton blessed us by singing "Where Were You When The World Stopped Turning?" This was about 9/11. Homer received a standing ovation.

Bro. Jackie's message was "God Meant It For Good". Genesis 50:15-26. God has a plan for each of us, He cares for us and He is in control!

Remember in prayer: David Clos had a complicated surgery last week, LeAnn Tucker and her friend was in a MVA this week. LeAnn received bruises and her friend was placed in the hospital. Delores Linville will be having surgery, A.J. Young (test), Mary Welch has been wearing a heart monitor and may need further professional care, Susie Hendricks has had 8 of 20 treatments and was at church today. Keep Crawford & Peggy Thornton, Carl Conley, JoAnn Young, Joe Ferrell, Beverly Turner, and ALL THOSE ON the prayer list and each other in prayer. Remember the lost and our country and its leaders.

Sympathy and prayers for the families of Nathan Colemire and Jack Welte.

Sun., Nov. 19 - Thanksgiving Supper at Chatham 5 p.m.

Mon., Nov. 20 - Men's Fellowship at Mt. Olivet 6:30 p.m.

PRESBYTERIAN POTPOURRI
by Les Grooms, pastor Augusta Presbyterian

We continue to go to Wilder each Tuesday morning to get food from the Freestore Food Bank. This day we will be taking two vehicles to bring food to Augusta because my SUV will no longer hold all of the available food. In October we served 117 families from the Augusta Ministerial Food Bank.

Lynn Darnell was the liturgist Sunday and Susie Hargett led the singing. Shirley Gallenstein sang a special song.

On November 19 we will have a combined worship service with the Augusta Christian Church. We have been doing this for many years. We will worship at their church and then enjoy a potluck meal in our church.

Advent is just around the corner. I have communicated with Ruby Claypool and she will be making the advent wreath again.

OAKLAND CHRISTIAN
by Barbara Browning

"Say, Thank You" was the message of the hour. We need to always remember and thank our veterans for what they have done for us. We should also be thankful for a God that loves us and gives us so many blessings.

Our Thanksgiving meal is this Sunday, November 19, at 5 p.m. At 6:30 p.m. we will have a concert by the Diggles Family who are so good. Plan to share with us.

Men's Fellowship is November 20 at First Christian Church, Mt. Olivet.

Our "Walk Through Bethlehem" is fast approaching, December 1, 2, & 3. We have special music for each evening and refreshments. Put this on your calendar as a FREE event for the community, 6-9 p.m.

Our sympathy to loved ones of Jane Young, Nathan Colemire, and Rita Bradford. Other prayer concerns include Garrett Flynn, Darrell Persinger, Dominic Irby, Ellie Hammonds (3), Laura Simpson, Melissa Beckett, Jennifer Moore, Jim Haley, Connie Peed, Karis Klaber, Charlie Tarvin, David Estep, shut-ins, cancer issues, our college students, and our nation.

BROOKSVILLE CHRISTIAN
by John Elfers

Greetings from Brooksville Christian! A spiritual house where the believers are the building blocks, Jesus Christ is the cornerstone, and the Word of God, through the Apostles and Prophets, serve as the foundation. Don't be fooled by the building at 148 W. Miami St., in the corner of town. That's just where we congregate every Sunday morning at 10:45 a.m. Our goal is to reflect the majesty of the Builder, our Heavenly Father! Check out 1 Peter 2:4-12 for details.

We all had a great time at the Baptist Church Sunday afternoon. Appreciation to all the veterans, BBC for hosting us, and all the cooks and servers that did such a wonderful job. The Thanksgiving dinner was delicious!

That kicks off the holiday season, so please check out our Facebook page or internet for upcoming events, or better yet stop by! See you Sunday morning!

WILLOW BAPTIST
Pastor Trent Keeton

November 12 was a wonderful day at Willow. We had three people to rededicate their lives to Jesus, one to make a public profession of faith, and two more to move their membership to become a part of our church family. Praise God for what He is doing here at His church.

The message was from Psalm 91 with a reminder from God's Word where protection can be found. After the service we enjoyed a wonderful meal and a great time of fellowship.

Though the celebration and remembrance of Veteran's Day may be over for the official holiday; our gratitude and appreciation for the United States Military is unending. This nation was established by people seeking freedom, and the right to worship the one true God of the universe. Thankfully, the Lord has kept His protective hand upon our country through the ages, and we pray for that same protection to continue. The Lord has blessed our soldiers with many victories, though there have also been many sacrifices. For those brave men and women that have unselfishly served our nation, we salute you. We thank you for your service and your willingness to defend our freedoms no matter the cost.

GREETINGS FROM ST. JAMES
by Caroline Jefferson

There was a mistake in the Mass schedule for this week. The bulletin has an 8 AM Mass at St. James, for Friday, November 17 but that is an error. During Monsignor Dominic's absence, there will only be Sunday and Thursday Masses at St. James and Communion Service on Tuesdays. Please note that we will not be having a vigil Mass for Thanksgiving. Thanksgiving Mass will be at 8 AM on Thursday, November 23 at St. James.

Please remember to bring non-perishable, single serve food items for the Backpack Program by Sunday, November 19 to be included in the Thanksgiving Holiday distribution. Items will be picked up on Monday and packed on Tuesday. While many of us are blessed to sit down with our families and friends to share a bounteous meal, there are those less fortunate who need our love, support, compassion and kindness and providing food is the first step!

Our parish was excited to welcome Max Millbourn back to church after weeks of recovering from injuries sustained in a car accident! He is still not 100% but much improved and grateful for all the prayers! We pray for continued improvement and a total recovery!

AUGUSTA TRINITY
by Brooke Barley

Sunday during our 10:30 a.m. service we focused on honoring our Veterans & Active Duty Military to celebrate Veterans Day. Pastor Johnny Sebastain continued his "Gratitude Is More Than An Attitude" series with a sermon based on "Living With A Heart Of Gratitude". Learning to have a grateful heart regardless of how big or small, good or bad a blessing should be acknowledged & appreciated regardless. Even at our worst & lowest of times having a heart of gratitude makes it a life worth living.

Our weekly events include Youth Night on Friday with dinner starting at 6 p.m.; Saturday 11/18 from 5p-7p is "Dinner for Our Heroes" to honor all uniformed veterans, active duty military, police, fire department, & EMS active workers & retired. Please join us for a FREE spaghetti & meatball dinner. Please RSVP with a close count of guests - Brooke (513) 256-3280.

Hope to see a new face or two Sunday at 10:30 a.m. as we prepare for Thanksgiving with an amazing sermon on "Gratitude Is God's Will."

FARMERETTE HOMEMAKERS

Farmerette Homemakers met at noon Nov. 13 at Carol Klaber's home with eleven members and two guests. We welcomed new member Trish Bishop who joined last month and Kathleen Monaghan who joined this month and guest Sandy Craddock.

A news article was not completed for the club's meeting on Oct. 9 at noon at Zelda Clos' home. Lunch was prepared by Zelda. Nine members were present and two guests, Trish Bishop and Sandy Craddock.

After eating a delicious lunch served by Carol, a photo was made of members and the back-pack donations they had donated.

Pres. Connie Bowling called the meeting to order. Sandra Wood gave the devotional with a reading entitled "I Am Thankful For". This Thanksgiving season, there are so many things we can name that we are truly thankful for. Sandra called roll and each answered with their favorite Christmas cookie. Minutes were read and Madeline Burgoon gave the treas. report. We have 13 paid members.

Connie gave reports on the Baby Gala which our club had made a donation, the LRA meeting, the Craft Fair held last Saturday, and the two memorials the club had made. Connie and Madeline had submitted items to the LRA cultural arts.

Plans were discussed concerning the Christmas meeting at Patty Ann's on Dec. 8 at 4 p.m. Sign up for potluck dinner and decided gift around \$15.

Patty Ann presented the lesson and Trish illustrated the exercises which use deep breathing, correct body posture and exercises which help our mind & body connect for good health, balance and well being. Regular physical activity is the key to reducing chronic health conditions.

Connie invited us to the Walk Through Bethlehem on Dec. 1-3. Meeting adjourned.

Senior Citizens Happenings

Senior Citizens welcomes you to join us. We will be glad to have you with us.

Happenings for Tues., Nov. 7 - Sheila was busy in her office today, so Shirley Young led us in the pledge to our flag and in singing “My Country Tis of Thee”. We welcomed a large crowd of fine senior citizens. We went over those that have been sick and those that haven’t been here...you sure are missed. Prayers for all. We had request for favorite hymns...”The Old Rugged Cross” and “How Great Thou Art”. Shirley played the piano today. Prayer was by David Jefferson.

Of course, after lunch we had bingo and euchre.

Our “Senior Citizen Activity Fund” met after lunch. Again, we are so appreciative to all those that supported our fund raiser on Nov. 3. Today, we discussed other fund raisers and will be keeping you informed. You made our seniors very grateful for your generosity.

Happenings for Thurs., Nov. 9 - Sheila gave us updates and we had discussions on activities. As always, we remember our sick and we talked about our Veterans...past and present. We appreciate all those that served. June Lippert led us in prayer. There were 36 here.

Our bingo winners were: Carolyn Feagan, Hazel Welch, Betty Moore, Dorothy Perkins, and Barbara Woodruf. Our cover all winner was Hazel Welch.

We also had our Senior Activity Fund committee meeting. We discussed our Christmas Activity Fund Raiser that is scheduled for Sat., Dec. 23 at Brooksville 1st National Bank. We are planning a “Christmas Bake Sale”. Cakes, pies, tarts, cookies, candies, breads, yeast rolls, pumpkin rolls and other goodies. If there is something you would like just let us know. Call Sheila's office or let someone at Seniors know. We will try to accommodate. We are also planning on another meal in the near future and a “Quarter Auction”. We would appreciate any ideas you may have or on any dinners you would like.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! America Recycles Day is (was, depending on the day you receive your paper) November 15 and we apologize for not reminding you of this important date in last week’s article! This year marks the 20th anniversary of the America Recycles Day that is recognized globally and especially promoted in the United States as the one day set aside annually to encourage recycling! Bracken County citizens are fortunate to have access to nine recycling trailers within its borders with six of them three years old or less! A good rule of thumb for recycling is to remember the Top 10 in the Bin campaign which lists the top ten recyclable items throughout the country. These are: 1) cardboard; 2) paper; 3) food boxes; 4) mail; 5) beverage cans; 6) food cans; 7) glass bottles; 8) jars (glass & plastic); 9) jugs; 10) plastic bottles & caps.

As stated in the past, plastic is the most difficult due to the various grades of plastic that we encounter daily and food product containers especially, but if you recycle the items that are specifically listed above, you will be ok! For instance, recycle only plastic jars (think fruit and jelly), only plastic jugs (think milk, water and laundry) and only plastic bottles such as water and pop. If everyone recycled only these ten items on a daily basis, the amount of space needed for landfills would be dramatically reduced which brings us to the category of reduction! Recycling reduces the amount of space

needed in landfills but when we buy products with less packaging or packaging made from recycled material we are reducing the amount of raw materials or natural resources needed to produce that packaging! And some packaging can actually be reused!

We don’t know anyone that does not reuse plastic bags! The world is full of plastic bags to the tune of one million of them being used every minute worldwide with American citizens using 100 billion bags annually! While a plastic bag is used for an average of twelve minutes, it is estimated that it will take 1,000 years for a plastic bag to degrade, but it will never bio-degrade. It will always remain minute pieces of plastic and much of discarded plastic ends up in the oceans as part of floating garbage patches located in the Atlantic and Pacific Oceans! These particles outnumber the natural marine food source of plankton six to one. These pieces collect toxins like PCBs and DDT at levels up to 1,000,000 times the levels found in seawater. Marine wildlife eat these toxic pieces and even plastic bags causing death either from the toxins, suffocation due to blockage of breathing passages and also death as a result of intestinal blockage.

The good news is that all those bags can be recycled, BUT not in the recycling trailers! These bags must be taken to retail locations that include area Kroger’s, Lowe’s and Walmart stores in Maysville. There are bins in the lobbies of each of

these retail chains for the collection of plastic bags. Do not put them into the recycling trailers because they will be sent to the landfill as the Recycling Center does not accept them. An alternative to plastic bags is the reusable shopping bags. (Also, quick note: our office will no longer be accepting household batteries. Please put them into your weekly trash for Rumpke pickup). November 15’s America Recycles Day is an opportunity to start a recycling program for your family and co-workers and then dedicating each day to RECYCLING, REUSING and REDUCING to keep God’s earth clean, green and beautiful! Read To Achieve
By Tamara Denham, Reading Intervention Teacher

Another year of Reading Intervention Classes served by the Read-To-Achieve grant has gotten off to a great start at Augusta Independent! Beginning of the year assessments, as well as MAP scores from last spring and iReading scores from this fall, identified 40 students in grades K-3 needing these services. These numbers are consistent with previous years starting count. Students in their second year of intervention reported an increase in class performance and iReading scores this fall.

Intervention services for kindergarten students focus on letter names, letter sounds, phonemic segmenting, and phonemic blending. First and second grade students focus on phonics, sight word, fluency, and basic comprehension. Third grade students focus heavily on comprehension with word recognition strategies embedded in the lessons.

Student progress data already indicates improvement in all grades, and expectations of students “graduating” from intervention services is highly likely for many students. Program “graduation” is dependent of progress data taken in the intervention classroom, grade level classroom performance, teacher recommendations, parent input, and/or iReading scores. These same criteria can place a student who is not currently receiving intervention services into the program during the school year.

It is a pleasure to work with students through this grant. It is so rewarding watching students break the code to reading words and comprehending material. I look forward to seeing tremendous growth this year.

St. Augustine School Receives Hayswood Foundation Grant

St. Augustine School was awarded \$10,900 from the Hayswood Foundation. St. Augustine School is the only Catholic school in Bracken County. The school was established in 1875 by the Sisters of Notre Dame. Since its establishment, St. Augustine School has relied on the support of Parishioners and the community to help in educating the young students who seek a Christian education. The Hayswood Foundation has been very generous in aiding the school as a steward of this mission.

The funds from this year's Hayswood Grant will be used to replace an outdated server and wireless equipment. Several new student laptops will also be purchased to replace obsolete computers that can no longer support current software. St. Augustine School Principal, Mrs. Jane Walton, stated "This generous grant will allow our students to be competitive in developing 21st century digital literacy skills. Digital literacy skills are extremely important in today's society and will be required for future success."

Polar Bears finish another memorable football season

The 2017 season was another memorable season and the Polar Bears made history several times again this season. The team welcomed new head coach Dave Brausch to the sidelines this season, and for the Polar Bears this was a first having a coach come to the school who was seasoned and had a lot of play-off experience including a state title in Ohio. While the team lost 10 seniors from the year before, this year's team returned with 11 seniors and 10 juniors most of who saw significant playing time the year before.

That experience paid off as this years team once again had many stand-out performances. Some of which included a very stingy defense which at season's end led 1A in total defense and ranked 5th overall in the state in total defense. This stat was reflective from the 4 shut-outs that the defense put up. However, the defense wasn't the only impressive parts for this group of young men. Griffin Appleman was a force again this year acting as the team's fullback and recording his 30th career touchdown (27 with Bracken and 3 for Pendleton). Tad Fisher also set and broke many records this year as he was one of the top rushers in the state with right at 1400 yards, as well as one of the top scorers in the state with 144 points scored. Another

new addition to the team was Trey Brausch at quarterback and he also ranked in the top 10 in 1A in passing with over 1200 yards and completing 73 of 115 attempts.

This team was not just about a few kids as it seemed that each week another kid stepped up to make a big play. For example, Austin Stubblefield picking up a fumble and returning it for a touchdown, numerous interceptions by Mason Tucker and Trey Deaton, Kuper Teegarden leading the team in sacks, Logan Teegarden returning the opening second half kickoff against Bishop Brossart for a touchdown, Tyler Rice getting a handful of receptions from the tightend position as well as aiding in the running attack with his blocking, and the over all leadership of Seniors Frank Collins and Tanner Fisher acting as coaches on the field.

The other area that these Polar Bears made history was for the first time in

school history, winning a playoff game and advancing to the second round (regional Semi finals). They beat the Fairview Eagles on November the 3rd by a score of 36 - 6 and earned a meeting with the State's number 2 team the Paintsville Tigers. Unfortunately, the boys fought hard and played a great first half by only being down 14 - 0 but after a couple of costly mistakes in the 3rd quarter they ended up losing 43 - 0.

This was a great season and the Polar Bears will still be returning many starters and the opportunities for younger players that got to watch and learn will have the opportunity to step in and fill spots vacated by the 11 seniors. Congratulations and GO POLARS BEARS!!!! until next season.

2017 Historic Season for Augusta High School Cross Country

The cross country season that started with 90+ degree days in July and ended with 40 degree days in November has come to a conclusion.

It was one with historic opportunities for the varsity teams, led by seniors David Reed and Adam Sallee. After not graduating any seniors last season, the team will graduate two this year. Reed and Sallee have both been with the program six years, the longest of any other runners since the program revived in 2011. Reed has been the program's top runner since Camryn Snapp graduated two years ago. Sallee has made huge gains, running 33:45 in his first race as a freshman and improving each year, setting a personal best of 19:01 this past season. They were able to lead their team to an apparent first-ever state championship appearance in the program's history.

"I'm glad that we were able to get to accomplish something meaningful with Adam and David being seniors," Augusta Coach Tim Litteral said. "David has just always been at a natural athlete and Adam has come such along way. We're going to miss them next year."

Others on the 2017 roster included junior Stephen Cordle and Clayton Jamison, sophomore Seth Fouts, and 7th

grader Conner Snapp. Cordle shaved over three minutes off his time from 2016. Fouts improve by about a minute and a half and running sub 20:00 for the first time this season. After running cross country two seasons ago, Jamison rejoined the team midseason and really improved the team's 5th scoring spot. Snapp, splitting time between middle school and varsity teams, was a big factor in the regional meet, stepping up to be the team's second finisher.

On the girls' varsity, 8th grader Emma Young, who also split time between middle school and varsity, qualified for the state meet in her first regional appearance.

"Emma, who also plays middle school basketball, whose season runs almost concurrently with ours, had a strong first year competing in varsity races," Litteral said. "She medaled in the region and was the top individual qualifier. We're looking forward to seeing her continued growth and success."

"I tell Coach Snapp all the time, we have individuals and athletes walking the halls who should be running for us," Litteral said. "We have a couple of pieces to replace next season, so hopefully this year's success will encourage some of those to come out next year."

First frost halts hemorrhagic disease outbreak in deer

The recent cold snap experienced across Kentucky effectively ended the state's worst outbreak of epizootic hemorrhagic disease in white-tailed deer in a decade.

Epizootic hemorrhagic disease (EHD) is a viral disease transmitted to deer by biting flies or midges. It does not affect people or pets, and outbreaks cease at the first frost, which kills the bugs.

The Kentucky Department of Fish and Wildlife Resources receives and confirms EHD deer mortalities each year but the outbreak this year was severe by comparison. The department started receiving reports of sick or dead deer in some east Kentucky counties in July. August brought confirmation that a common strain of the EHD virus was to blame.

The department encouraged the public to report suspected cases, and the public responded. Kentucky Fish and Wildlife fielded 1,822 individual reports and documented 4,586 suspected EHD cases through phone calls and an online reporting system.

"Kentucky Fish and Wildlife would like to thank the public for its assistance," said Dr. Iga Stasiak, state wildlife veterinarian with Kentucky Fish and Wildlife. "The incredible response we received was invaluable in helping us gauge the extent and intensity of this year's severe outbreak. The public's feedback through those outlets helped biologists monitor the situation in real-time and generate incredibly helpful maps."

This year's outbreak af-

ected multiple states across the Appalachian Plateau. In Kentucky, it was primarily confined to counties along and south of Interstate 64 and east of Interstate 75. The epicenter of the outbreak in Kentucky appeared to be in Floyd and Pike counties.

The severity of this year's outbreak in east Kentucky is comparable to that seen in other parts of the state in 2007. While EHD can cause significant regional population die-offs, populations recover with time, Stasiak said.

"The herd is resilient," said Gabe Jenkins, deer program coordinator with Kentucky Fish and Wildlife. "We had probably the highest densities of deer that we've ever seen in that part of the state. Yes, it knocked them back pretty hard but the population will rebound."

Herd estimates after the 2016-17 hunting season pegged the statewide deer population at about 850,000 animals.

Kentucky's deer seasons are continuing as scheduled this year.

"Department biologists will be looking closely at harvest data and monitoring the deer herd ahead of next year's hunting season," Stasiak said. "We will also be monitoring deer at several check stations throughout the hunting season to identify deer that may have been exposed to the disease and assess the degree of immunity in the herd."

Although EHD is not transmissible to people, the department reminds hunters to avoid eating animals that appear to be sick and asks that sick deer be reported to the department either by calling 1-800-858-1549 between 8 a.m.-4:30 p.m. (Eastern) weekdays or contacting their local private lands or public lands biologist, depending on where the animal was observed.

Prayer To The Holy Spirit

Holy Spirit, you who help me see everything and you who show me the way to reach my goal and my ideal, You who give me the Divine Gift to forgive and forget the wrong that is done to me, You who know my innermost thoughts and desires, I want to thank you for everything and to confirm once more that I never want to be separated from you. I want to be with you and my loved ones in your perpetual glory. Amen.

Thank you for your love for me and my loved ones. You must pray this prayer 3 consecutive days without asking your wish. After the 3rd day, your wish will be granted, no matter how difficult it might be. Promise to publish this dialogue as soon as your favor has been granted. P.K.
